

PPE GUIDELINES

Employers will provide employees with the necessary protective equipment. For fabric face coverings, employees may provide their own as long as they meet minimum requirements to be established and enforced by the employer. These recommendations should not be used in lieu of any recommendations from the CDC, OSHA, or other governing health bodies that exceed the standard of the below recommendations

EMPLOYER PROVIDES	<ul style="list-style-type: none"> Face covering or disposable masks that cover nose and mouth Face shields, as needed or requested Gloves, as needed Hand sanitizer Janitorial protective supplies
-------------------	--

Employees are expected to wear provided PPE as described in the PPE REQUIREMENTS chart below. All parties present during in-person appointments are expected to reciprocate.
